III. PROCUREMENT CONDITIONS

A. Contingencies

Funding for this program is contingent on federal and state funding. This RFP does not commit the County to award a contract. Cost, while not necessarily the primary factor used in the selection process, is an important factor. The County will award a contract based on the proposal that best meets the needs of the County.

The County reserves the right to accept or reject any or all proposals if the County determines it is in the best interest of the County to do so. The County will notify all Proposers, in writing, if the County rejects all proposals.

B. Modifications

The County has the right to issue addenda or amendments to this RFP. The County also reserves the right to terminate this procurement process at any time.

C. Proposal Submission

To be considered, all proposals must be submitted in the manner set forth in this RFP. **It is the Proposer's responsibility to ensure that its proposal arrives on or before the specified time.** All proposals and materials submitted become the property of the County.

D. Inaccuracies or Misrepresentations

If in the course of the RFP process or in the administration of a resulting contract, the County determines that the Proposer has made a material misstatement or misrepresentation or that materially inaccurate information has been provided to the County, the Proposer may be terminated from the RFP process or in the event a contract has been awarded, the contract may be immediately terminated.

In the event of a termination under this provision, the County is entitled to pursue any available legal remedies.

E. Incurred Costs

This RFP does not commit the County to pay any costs incurred in the preparation of a proposal in response to this request and Proposer agrees that all costs incurred in developing this proposal are the Proposer's responsibility.

F. Proposal Confidentiality

Proposers should be aware that proposal responses are subject to the California Public Records Act (Government Code section 6250 et seq.). If any Proposer's proposal contains trade secrets or other information, which is proprietary by law, the Proposer must notify the County of its request to keep that information confidential.

The request to keep proprietary information confidential must be made in writing and attached to the envelope or other medium used to submit the proposal. The confidential or proprietary information shall be readily separable from the response in order to facilitate eventual public inspection of the non-confidential portion of the response.

The County will review the request and notify the Proposer in writing of its decision as to whether confidentiality can be maintained under law. If confidentiality cannot be maintained, the Proposer has the option of withdrawing the proposal or advising the County of its understanding that this information will become public record. The price of products offered or the cost of services proposed shall not be designated as proprietary or confidential information.

In the event a public records request is made for information designated by the Proposer as confidential or proprietary and if the County has made a determination as to the confidential or proprietary nature of the information, the County will notify the Proposer of the request. The Proposer will have an opportunity to seek a determination from the appropriate court as to the disclosure or non-disclosure of the information.

G. Negotiations

The County may require the potential Contractor(s) selected to participate in negotiations, and to submit revisions to pricing, technical information, and/or other items from their proposal(s) as may result from these negotiations.

H. Level of Service

For any contract awarded as a result of the RFP, no minimum or maximum number of transactions can be guaranteed by the County.

11. Americans with Disabilities Act

Fiscal records must also comply with the appropriate Office of Management and Budget (OMB) Circulars, which state the administrative requirements, cost principles, and other standards for accountancy.

Contractors expending \$500,000 or more in federal funds annually shall have a single audit or program specific audit performed. A copy of the audit shall be maintained as part of the program's fiscal records.

All records shall be complete and current and comply with all Contract requirements. Failure to maintain acceptable records per the preceding requirements shall be considered grounds for withholding payments for billings submitted and for termination of the Contract.

17. Notification

In the event of a problem or potential problem that will impact the quality or quantity of work or the level of performance under the Contract, notification will be made within one working day, in writing and by telephone to the County.

18. Copyright

All such materials developed under the terms of the Contract shall acknowledge San Bernardino County as the funding agency and Contractor as the creator of the publication. No such materials or properties produced in whole or in part under the Contract shall be subject to private use, copyright or patent

right by Contractor in the United States or in any other country without the express written consent of County. Copies of all educational and training materials, curricula, audio/visual aids, printed material, and periodicals, assembled pursuant to the Contract must be filed with County prior to publication. Contractor shall receive written permission from County prior to publication of said training materials.

19. Attorney Fees

Contractor agrees to bear its own attorneys' fees and costs regardless of who prevails in the event of a contractual dispute and not charge such fees as an expense under the Contract.

20. Contractor Primary Contact

The Contractor will designate an individual to serve as the primary point of contact for the Contract. Contractor shall notify County when the primary contact will be unavailable/out of the office for one (1) or more workdays. Contractor or designee must respond to County inquiries within two (2) County business days.

21. Change of Address

Contractor shall notify the County in writing of any change in mailing address within ten (10) calendar days of the address change.

22. Recycled Paper Products

The County has adopted a recycled product purchasing standards policy (11-10), which requires contractors to use recycled paper for proposals and for any printed or photocopied material created as a result of a contract with the County. The policy also requires Contractors to use both sides of the paper sheets for reports submitted to the County whenever practicable.

23. Electronic Fund Transfer

Contractor shall accept all payments from County via electronic funds transfer (EFT) directly deposited into the Contractor's designated checking or other bank account. Contractor shall promptly comply with directions and accurately complete forms provided by County required to process EFT payments.

B. Indemnification and Insurance Requirements

Contractor agrees to and shall comply with the following indemnification and insurance requirements:

1. Indemnification – The Contractor agrees to indemnify, defend (with counsel reasonably approved by County) and hold harmless the County and its authorized officers, employees, agents and volunteers from any and all claims, actions, losses, damages, and/or liability arising out of this contract from any cause whatsoever, including the acts, errors or omissions of any person and for any costs or expenses incurred by the County on account of any claim except where such indemnification is

prohibited by law. This indemnification provision shall apply regardless of the existence or degree of fault of indemnitees. The Contractor's indemnification obligation applies to the County's "active" as well as "passive" negligence but does not apply to the County's "sole negligence" or "willful misconduct" within the meaning of Civil Code Section 2782.

2. Additional Insured – All policies, except for the Workers' Compensation, Errors and Omissions and Professional Liability policies, shall contain endorsements naming the County and its officers, employees, agents and volunteers as additional insureds with respect to liabilities arising out of the performance of services hereunder. The additional insured endorsements shall not limit the scope of coverage for the County to vicarious liability but shall allow coverage for the County to the full extent provided by the policy. Such additional insured coverage shall be at least as broad as Additional Insured (Form B) endorsement form ISO, CG 2010.11 85.
3. Waiver of Subrogation Rights – The Contractor shall require the carriers of required coverages to waive all rights of subrogation against the County, its officers, employees, agents, volunteers, contractors and subcontractors. All general or auto liability insurance coverage provided shall not prohibit the Contractor and Contractor's employees or agents from waiving the right of subrogation prior to a loss or claim. The Contractor hereby waives all rights of subrogation against the County.
4. Policies Primary and Non-Contributory – All policies required herein are to be primary and non-contributory with any insurance or self-insurance programs carried or administered by the County.
5. Severability of Interests – The Contractor agrees to ensure that coverage provided to meet these requirements is applicable separately to each insured and there will be no cross liability exclusions that preclude coverage for suits between the Contractor and the County or between the County and any other insured or additional insured under the policy.
6. Proof of Coverage – The Contractor shall furnish Certificates of Insurance to the County Department administering the contract evidencing the insurance coverage, including endorsements, as required, prior to the commencement of performance of services hereunder, which certificates shall provide that such insurance shall not be terminated or expire without thirty (30) days written notice to the Department, and Contractor shall maintain such insurance from the time Contractor commences performance of services hereunder until the completion of such services. Within fifteen (15) days of the commencement of this contract, the Contractor shall furnish a copy of the Declaration page for all applicable policies and will provide complete certified copies of the policies and endorsements immediately upon request.
7. Acceptability of Insurance Carrier – Unless otherwise approved by Risk Management, insurance shall be written by insurers authorized to do

business in the State of California and with a minimum "Best" Insurance Guide rating of "A- VII".

8. Deductibles and Self-Insured Retention - Any and all deductibles or self-insured retentions in excess of \$10,000 shall be declared to and approved by Risk Management.
9. Failure to Procure Coverage – In the event that any policy of insurance required under this contract does not comply with the requirements, is not procured, or is canceled and not replaced, the County has the right but not the obligation or duty to cancel the contract or obtain insurance if it deems necessary and any premiums paid by the County will be promptly reimbursed by the Contractor or County payments to the Contractor will be reduced to pay for County purchased insurance.
10. Insurance Review – Insurance requirements are subject to periodic review by the County. The Director of Risk Management or designee is authorized, but not required, to reduce, waive or suspend any insurance requirements whenever Risk Management determines that any of the required insurance is not available, is unreasonably priced, or is not needed to protect the interests of the County. In addition, if the Department of Risk Management determines that heretofore unreasonably priced or unavailable types of insurance coverage or coverage limits become reasonably priced or available, the Director of Risk Management or designee is authorized, but not required, to change the above insurance requirements to require additional types of insurance coverage or higher coverage limits, provided that any such change is reasonable in light of past claims against the County, inflation, or any other item reasonably related to the County's risk.

Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this contract. Contractor agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of the County to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of the County.

11. The Contractor agrees to provide insurance set forth in accordance with the requirements herein. If the Contractor uses existing coverage to comply with these requirements and that coverage does not meet the specified requirements, the Contractor agrees to amend, supplement or endorse the existing coverage to do so. The type(s) of insurance required is determined by the scope of the contract services.

Without in anyway affecting the indemnity herein provided and in addition thereto, the Contractor shall secure and maintain throughout the contract term the following types of insurance with limits as shown:

- a. Workers' Compensation/Employers Liability – A program of Workers' Compensation insurance or a state-approved, self-

insurance program in an amount and form to meet all applicable requirements of the Labor Code of the State of California, including Employer's Liability with \$250,000 limits covering all persons including volunteers providing services on behalf of the Contractor and all risks to such persons under this contract.

If Contractor has no employees, it may certify or warrant to the County that it does not currently have any employees or individuals who are defined as "employees" under the Labor Code and the requirement for Workers' Compensation coverage will be waived by the County's Director of Risk Management.

With respect to Contractors that are non-profit corporations organized under California or Federal law, volunteers for such entities are required to be covered by Workers' Compensation insurance.

- b. Commercial/General Liability Insurance – The Contractor shall carry General Liability Insurance covering all operations performed by or on behalf of the Contractor providing coverage for bodily injury and property damage with a combined single limit of not less than one million dollars (\$1,000,000), per occurrence. The policy coverage shall include:

- 1) Premises operations and mobile equipment.
- 2) Products and completed operations.
- 3) Broad form property damage (including completed operations).
- 4) Explosion, collapse and underground hazards.
- 5) Personal injury.
- 6) Contractual liability.
- 7) \$2,000,000 general aggregate limit.

- c. Automobile Liability Insurance – Primary insurance coverage shall be written on ISO Business Auto coverage form for all owned, hired and non-owned automobiles or symbol 1 (any auto). The policy shall have a combined single limit of not less than one million dollars (\$1,000,000) for bodily injury and property damage, per occurrence.

If the Contractor is transporting one or more non-employee passengers in performance of contract services, the automobile liability policy shall have a combined single limit of two million dollars (\$2,000,000) for bodily injury and property damage per occurrence.

If the Contractor owns no autos, a non-owned auto endorsement to the General Liability policy described above is acceptable.

- d. Umbrella Liability Insurance – An umbrella (over primary) or excess policy may be used to comply with limits or other primary coverage requirements. When used, the umbrella policy shall apply to bodily injury/property damage, personal injury/advertising injury and shall include a “dropdown” provision providing primary coverage for any liability not covered by the primary policy. The coverage shall also apply to automobile liability.

C. Right to Monitor and Audit

1. Right to Monitor

Program data shall be retained locally (in the County of San Bernardino) and made available upon request or turned over to the County. If said records are not made available at the scheduled monitoring visit, Contractor may, at the County's option, be required to reimburse the County for expenses incurred due to required rescheduling of monitoring visit(s). Such reimbursement will not exceed \$50 per hour (including travel time) and will be deducted from the following month's claim for reimbursement.

Records of the Contractor that do not pertain to the program shall not be subject to audit unless provided for in another agreement.

3. Assistance by Contractor

Contractor shall provide all reasonable facilities and assistance for the safety and convenience of County's representatives in the performance of their duties. All inspections and evaluations shall be performed in such a manner as will not unduly delay the work of the Contractor.

4. Independent Audit Provisions

Contractor will hire a licensed Certified Public Accountant (CPA), approved by County, who shall prepare and file with County, within 60 days after the

termination of the Contract, a certified fiscal audit of related expenditures during the term of the Contract and a program compliance audit.

The Contractor shall develop and maintain internal policies and procedures to assure compliance with each factor outlined by State regulation. These policies must be developed into a Civil Rights Plan, which is to be on file with the County within 30 days of awarding of the Contract. The Plan must address prohibition of discriminatory practices, accessibility, language services, staff development and training, dissemination of information, complaints of discrimination, compliance review, and duties of the Civil Rights Liaison. Upon request, the County will supply a sample of the Plan format. The Contractor will be monitored by the County for compliance with provisions of its Civil Rights Plan.

Failure to provide this information may result in the response to the RFP being deemed non-responsive.

VIII. IMPROPER CONSIDERATION

Proposer shall not offer (either directly or through an intermediary) any improper consideration such as, but not limited to, cash, discounts, service, the provision of travel or entertainment, or any items of value to any officer, employee or agent of the County in an attempt to secure favorable treatment regarding this RFP.

The County, by written notice, may immediately reject any proposal or terminate any Contract if it determines that any improper consideration as described in the preceding paragraph was offered to any officer, employee or agent of the County with respect to the proposal and award process or any solicitation for consideration was not reported. This prohibition shall apply to any amendment, extension or evaluation process once a Contract has been awarded.

Proposer shall immediately report any attempt by a County officer, employee or agent to solicit (either directly or through an intermediary) improper consideration from Proposer. The report shall be made to the supervisor or manager charged with supervision of the employee or to the County Administrative Office. In the event of a termination under this provision, the County is entitled to pursue any available legal remedies.

IX. DISCLOSURE OF CRIMINAL AND CIVIL PROCEEDINGS

The County reserves the right to request the information described herein from the Proposer selected for contract award. Failure to provide the information may result in a disqualification from the selection process and no award of contract to the Proposer. The County also reserves the right to obtain the requested information by way of a background check performed by an investigative firm. The selected Proposer also may be requested to provide information to clarify initial responses. Negative information provided or discovered may result in disqualification from the selection process and no award of contract.

The selected Proposer may be asked to disclose whether the firm or any of its partners, principals, members, associates or key employees (as that term is defined herein), within the last ten years, has been indicted on or had charges brought against it or them (if still pending) or convicted of any crime or offense arising directly or indirectly from the conduct of the firm's business, or whether the firm, or any of its partners, principals, members, associates or key employees, has within the last ten years, been indicted on or had charges brought against it or them (if still pending) or convicted of any crime or offense involving financial misconduct or fraud. If the response is affirmative, the Proposer will be asked to describe any such indictments or charges (and the status thereof), convictions and the surrounding circumstances in detail.

In addition, the selected Proposer may be asked to disclose whether the firm, or any of its partners, principals, members, associates or key employees, within the last ten years, has been the subject of legal proceedings as defined herein arising directly from the provision of services by the firm or those individuals. "Legal proceedings" means

any civil actions filed in a court of competent jurisdiction, or any matters filed by an administrative or regulatory body with jurisdiction over the firm or the individuals. If the response is affirmative, the Proposer will be asked to describe any such legal proceedings (and the status and disposition thereof) and the surrounding circumstances in detail.

For the purposes of this provision "key employees" includes any individuals providing direct service to the County. "Key employees" do not include clerical personnel providing service at the Proposer's offices or locations.

X. CALIFORNIA PUBLIC RECORDS ACT

All information submitted in the proposal or in response to request for additional information is subject to disclosure under the provisions of the California Public Records Act (California Government Code section 6250, et seq.). Proposals may contain financial or other data that constitutes a trade secret. To protect such data from disclosure, Proposer should specifically identify the pages that contain confidential information by properly marking the applicable pages and inserting the following notice on the front of its response:

NOTICE

The data on pages_____ of this proposal response, identified by an asterisk (*) or marked along the margin with a vertical line, contains information which are trade secrets. We request that such data be used only for the evaluation of our response, but understand that disclosure will be limited to the extent that the County of San Bernardino determines is proper under federal, state, and local law.

The proprietary or confidential data shall be readily separable from the proposal in order to facilitate eventual public inspection of the non-confidential portion of the proposal.

The County assumes no responsibility for disclosure or use of unmarked data for any purpose. In the event disclosure of properly marked data is requested, the Proposer will be advised of the request and may expeditiously submit to the County a detailed statement indicating the reasons it has for believing that the information is exempt from disclosure under federal, state and local law. This statement will be used by the County in making its determination as to whether or not disclosure is proper under federal, state and local law. The County will exercise care in applying this confidentiality standard but will not be held liable for any damage or injury which may result from any disclosure that may occur.

Failure to meet these requirements may result in a rejected proposal. No proposal shall be rejected, however, if it contains a minor irregularity, defect or variation if the irregularity, defect or variation is considered by the County to be immaterial or inconsequential. In such cases the Proposer will be notified of the deficiency in the proposal and given an opportunity to correct the irregularity, defect or variation or the County may elect to waive the deficiency and accept the proposal.

The contents of the proposal of the successful Proposer will become contractual obligations and failure to accept these obligations in a contractual agreement may result in cancellation of the award.

D. Protests

Grounds for a protest are that the County failed to follow the selection procedures and adhere to requirements specified in the RFP or any addenda or amendments; there has been a violation of conflict of interest as provided by California Government Code section 87100 et seq.; or violation of state or federal law. Protests will not be accepted on any other grounds. In the event of a protest, all protests will be handled by a panel designated by the Assistant County Administrator for the Human Services, or his/her designee.

The County will consider only those specific issues addressed in the written protest. A written response will be directed to the protesting Proposer within fourteen (14) calendar days of receipt of the protest, advising of the decision with regard to the protest and the basis for the decision.
